Re: Proposals for Pescadero Creek and Marsh in MLPA Planning

Dear Ms. Golding:

We wrote a letter to you yesterday, January 16, 2008 to express our opposition to any MLPA planning which would eliminate recreational fishing on Pescadero and Butano Creeks. We noted to you that our property, Level Lea Farm, borders both creeks in Pescadero and is adjacent to the Pescadero Marsh.

An important point not made in our previous letter is that the Pescadero lagoon is only open for fishing on Saturdays, Sundays, Wednesdays and holidays December through February. It is catch and release, barb less hooks and the vast majority of the fishermen fish flies. This results in little impact on the lagoon and the fish populations.

Again, please include our comments in your consideration of future MLPA plans. We appreciate the opportunity to comment on this process.

Respectfully,

James H. Reynolds
